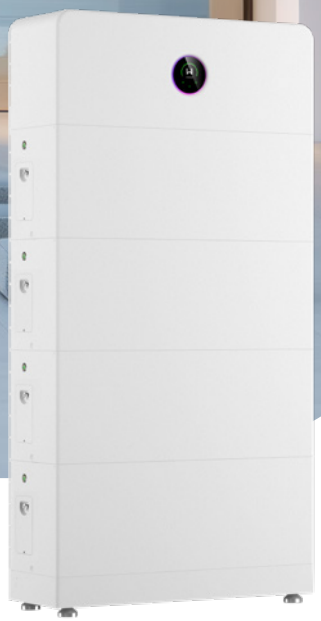
GOODWE

ESA Series

3-10kW/5-48kWh I Single Phase Home Storage Solution (HV)

The GoodWe ESA Series is a fully integrated all-in-one solar and storage solution that combines inverter and battery in a pre-wired, modular design-making installation significantly faster and easier. Engineered for flexibility, the ESA system allows seamless expansion to meet evolving energy needs. 5kWh and 8kWh battery modules support 1C charging/discharging and can be mixed in a single stack up to 48kWh, with up to 6x stacks in parallel. The ESA provides UPS-level, full house back-up (63A) with no gateway needed. Models feature 2-4 MPPTs, each supporting up to 26A short-circuit input current. Safety features include 6-level battery protection and AI-driven AFCI 3.0 as standard, plus low noise levels of <35dB makes the ESA suitable for a wide variety of applications.



*Initial stock may be supplied in a gloss white finish.

Optimized Performance

- 1C charge/discharge for rapid energy cycling
- Fanless design for quiet operation, noise <35dB
- 20A per string & 200% PV oversizing

Flexible & Adaptable Applications

- Dual output ports for simplified installation & off-grid capability
- Flexible battery mixing with different capacity or old&new batteries
- Support full backup load with 63A×5 output

Superb Safety & Reliability

- Advanced 6-layer safety protection
- Heating mode ensures reliable performance even in -20°C
- AI-driven AFCI 3.0 for safety[1]

Smart Control & Monitoring

- Seamless switching to backup <4ms
- One-click upgrade & one-click configuration

1: Optional functions or devices are purchased separately.

General Data						
Operating Temperature Range (°C)			-35 ~ +60 (Derating at +40)			
Relative Humidity			0 ~ 95%			
Max. Operating Altitude (m)			4000 (>2000 derating)			
Cooling Method			Natural convection			
User Interface			LED, WLAN + APP			
Communication with BMS			CAN			
Communication			RS485, WiFI + LAN + Bluetooth			
Communication Protocols			Modbus-RTU, Modbus-TCP			
Weight (kg)	24	24	24	24	26	26
Dimension (W × H × D mm)			800 × 300 × 270			
Noise Emission	≤30	≤30	≤30	≤30	≤35	≤35
Topology			Non-isolated			
Ingress Protection Rating			IP66			
Mounting Method			Wall / Floor Mounted			
Country of Manufacture			China			

*1: If there's no PV, start-up voltage will be 380V.
*2: When the input voltage is 560V-600V, the inverter will enter standby mode, and the voltage returns to 560V to enter the normal operation state.
*3: Please refer to the user manual for the MPPT Voltage Range at Nominal Power.
*4: GOODWE ESA series has internal bypass 63A passthrough ability to supprt whole home backup solution. If the customer don't want to do any breaker upgrade, the main breaker size in SolarGo (or SEMS+) can be set as previous breaker size.
*5: If the Back-up port is not used, select an appropriate circuit breaker based on the AC Max. Output Current.
